* **ARC is a family club.** As such, parents of competitive age students need to attend most meetings, help with coaching, help with judging, and be involved in generally helping out the club. On occasions when a parent cannot attend a meeting, the parent needs to assign the oversight of the student(s) to another adult.

** **New families may leave the "Areas of Interest" blank.** If you know your areas of interest, please feel free to check them. This is not binding. Oftentimes, this is finalized after the training season begins.

*** **Parents of Juniors** need to be available to help in their classroom during speech time on a rotating basis. Parents are responsible for the supervision of their own children at dinner and during debate time. If the parent is busy, proper arrangements with other parents will be needed.
